I. GENERAL INFORMATION

■ A. INTRODUCTION

1. RFP Name and Number. TBD

2. RFP Summary. The Connecticut Department of Energy and Environmental Protection (DEEP) will use the results of this RFP to select qualified Service Providers for the Connecticut Weatherization Assistance Program (Connecticut WAP or CT WAP) for servicing single-family and multifamily housing. The single-family program will be funded through the state's formula fund allocation and the multifamily program through the Bipartisan Infrastructure Law (BIL) allocation.

3. RFP Purpose. DEEP will use the results of this RFP to select qualified service providers for the CT WAP. The Service Providers will be selected through the process required by state and federal laws, regulations, and procurement practices. Pursuant to the Code of Federal Regulations 10C.F.R. 440.15, Service Providers (a.k.a. Subgrantees) must be a Community Action Agency, nonprofit, or unit of general-purpose local government.

The purpose of the federally funded WAP is to increase the energy efficiency of dwellings owned or occupied by low-income persons or to provide such persons renewable energy systems or technologies, reduce their total residential expenditures, and improve their health and safety, especially low-income persons who are particularly vulnerable such as the elderly, persons with disabilities, families with children, high residential energy users, and households with high energy burden.

DEEP intends to select the most qualified Service Provider(s) for CT WAP for a three-year (3-year) contract – Program Year 2023 (July 1, 2023 – June 30, 2024) through Program Year 2025 (July 1, 2025 – June 30, 2026) – with an option for DEEP to extend contracts for additional Program Years. Initial contract periods will be for three years, contingent upon the outcomes of periodic performance evaluations. Demonstrated capacity to provide services on a long-term and ongoing basis is looked upon favorably in the review process to ensure continuity of services between federal grant cycles.

4. Commodity Codes. The services that the Agency wishes to procure through this RFP are as follows: TBD

II. PURPOSE OF RFP AND SCOPE OF SERVICES

■ A. AGENCY OVERVIEW

Connecticut DEEP is charged with conserving, improving, and protecting the natural resources and the environment of the State of Connecticut as well as making cheaper, cleaner, and more reliable energy available for the people and businesses of the state.

DEEP's Bureau of Energy and Technology Policy develops forward-looking energy efficiency, infrastructure, and alternative power programs.

The U.S. Department of Energy's (DOE's) Low-Income Weatherization Assistance Program (WAP or the Program) was implemented to increase the energy efficiency of dwellings owned or occupied by low-income persons or to provide such persons renewable energy systems or technologies, reduce their total residential expenditures, and improve their health and safety, especially low-income persons who are particularly vulnerable such as the elderly, persons with disabilities, families with children, high residential energy users, and households with high energy burden.

The Grantee for the WAP in the State of Connecticut is the Department of Energy and Environmental Protection (DEEP or the Agency).

DEEP is committed to ensuring an equitable delivery of WAP services to environmental justice communities, communities of color, disadvantaged communities as defined by the Justice40 Initiative, and census tract communities with high average energy burdens.

DEEP seeks to contract with selected Respondent(s) (Subgrantees) to deliver weatherization services to low-income households as part of the Connecticut WAP.

■ B. SERVICE OVERVIEW

The purpose of this RFP is to solicit proposals from qualified Respondents (Subgrantees) capable of administering the WAP in Connecticut within the defined service areas.

As stipulated in DOE regulations, the Connecticut WAP is contracted to local entities (Subgrantees) throughout the state who are responsible for delivering weatherization services in their assigned territories. **All Subgrantees must be a non-profit, community action agency, or unit of local government.**

Weatherization services are requested for these two specific housing programs:

1. **Single-family housing:** Services will be delivered to **single-family housing** within **two service territories**. CT WAP will select one (1) or more Subgrantees to deliver services within each territory. Single-family housing means a residence consisting of one to four dwelling units in a building. For purposes of this RFP, **manufactured housing** may be considered part of the single-family program. The single-family program will be funded through the state's formula fund allocation. Connecticut WAP is currently conditionally approved by DOE to weatherize manufactured homes and single-family housing.
2. **Multi-family housing:** One (1) or more (up to 2) Subgrantees to deliver services to **multi-family housing**. The multi-family service territory will be **state-wide** and is defined as five (5) or more dwelling units in a building or property. The multi-family program will be funded by the BIL grant funds allocation. Connecticut WAP will utilize BIL grant funding to acquire accreditations and specialized staff to weatherize multi-

family housing. Multi-family weatherization will be conducted in accordance with DOE program notices.

Respondents may apply to serve either single-family or multi-family or both. Specific details on application requirements are below.

Connecticut WAP will focus outreach efforts in areas of the State which are determined to be Environmental Justice communities as defined by Conn. Gen. Stat. § 22a-20a, as well as HUD qualified census tracts. Selected Subgrantee(s) shall be required to serve an entire service area, and shall not discriminate on the basis of location, but rather shall follow routine prioritization guidance when scheduling clients for service.

All proposals must include all required forms listed in Section IV of this RFP, the Attachments listed in Section D of the Appendix, and a complete proposal which contains all of the information outlined in Section III B (**Program Proposal**) and described in the **Scope of Service Section C of this RFP**.

Qualifications: Subgrantees will be selected through the process required by state and federal laws, regulations, and procurement practices. **All Subgrantees must be a non-profit, community action agency, or unit of local government.**

- Subgrantee selection is outlined in Section 103 of the CT WAP Operations Manual
- The services will be performed in accordance with the regulations set forth by the U.S. Department of Energy in Title 10 of the Code of Federal Regulations Part 440 [10 C.F.R. 440] which defines the requirements of the Federal Weatherization Assistance Program for low-income persons.
- Responsibilities of the Subgrantee can be found in the CT WAP Operations Manual

- The Subgrantee has the responsibility for all aspects of local program operations. The Subgrantee must:
 - Conduct casework, outreach, education, and publicity for the CT WAP;
 - Maintain weatherization staffing with a qualified and well-trained workforce;
 - Contract for qualified weatherization services, as needed;
 - Procure services, equipment, materials, and supplies through an open and competitive procurement process;
 - Track and report on expenditures and production, and other necessary data as required;

- Priorities:
 - Priority is given to the most vulnerable clients, including households with a member who is elderly (60 years and older), disabled, or younger than six (6).
 - Priority consideration is also given to households with high energy use and/or high energy burden.
 - CT DEEP seeks to ensure service to each area of the state, especially those areas that have historically been underserved.
 - Additional consideration will be given to applicants that have waited the longest for WAP services due to prioritization of vulnerable households.
- The Uniform Administrative Guidance for this grant is outlined in Title 2 of the Code of Federal Regulations Part 200 [2 C.F.R. 200], and in accordance with the provisions and procedures contained in the Connecticut Low- Income Weatherization Assistance Program Policy and Procedures Manual and in the Connecticut Low-Income Weatherization Assistance Program Standard Work Specifications.

Grant Period

The purpose of this RFP is to identify providers for Federal Program Years 2023- 2027 (July 1st 2023 – June 30th 2027). CT DEEP intends to select the most qualified Subgrantee(s) for a **three-year contract(s)** beginning in program year 2023. Any multi-year contract will be contingent upon performance and may be amended or terminated by DEEP due to subgrantee underperformance.

Future contract implementation periods may be different, depending on the program needs and federal grant funding cycles. Demonstrating a capacity to provide services on a long-term and ongoing basis is looked upon favorably in the review process to ensure continuity of services between grant cycles.

The Connecticut WAP is conducted under a contract between the State and the Subgrantee(s) for the allocation of weatherization funds. The amount of the contract will be determined by the State, based on the amount of weatherization funding available and the allocation formula. Should one or more subgrantee underperform, DEEP will reserve the right to work with high-performing subgrantees to reallocate funding, assigned service territories, and/or unit goals to ensure the achievement of annual program goals. The standard period of the contract is normally for a three-year period or until otherwise terminated as stipulated in the contract. Contract periods may be extended at the discretion of the State.

Formula Funds: Single-family Program

Annual funding for the Connecticut Low-Income Weatherization Assistance Program is derived from the federal Department of Energy Low-Income Weatherization Assistance Program which is allocated by application of a statewide formula documented in the CT WAP Operations Manual. The estimated annual funding for both Formula and BIL is shown in the chart below.

The Connecticut allocation total is awarded to the Connecticut DEEP which is the designated grantee and administrator of the CT WAP. Contracts issued to Subgrantees will reflect actual funding and specific Scopes of Work. DEEP reserves the right to further negotiate the terms and conditions of the grant with the selected provider(s) and may utilize multiple resources within a given territory on a permanent or temporary basis as is deemed necessary to ensure continuity of services and to achieve annual program goals.

Bipartisan Infrastructure Law: Multi-family program

During the BIL grant period (2023-2027), DEEP will work with the selected Subgrantee(s) to deliver services to multi-family housing of five (5) or more units.

Programmatic direction specific to the implementation of WAP formula funding from the BIL, including some key impacts and federal requirements, are found in WPN BIL 22-1.

All production goals for both single- and multi-family programs are determined by the availability of Program funding.

Estimated Annual Funding for 2023-2027	
Funding Source	Amount
Formula (SF or manufactured)	\$3,260,866
BIL (multi-family)	\$9,268,071

Service Areas:

Single-family Subgrantee(s) will serve one or both of the specific CT DEEP service territories depicted on the service territory map in **Exhibit A**, and shall not discriminate on the basis of location, but rather shall follow routine prioritization guidance when scheduling clients for service. **Respondents for the single-family program MUST submit responses for each service territory**, either providing a separate response and budget for each territory, or one response for the entire single-family program.

Selected **Multi-family Subgrantee(s)** shall be required to service the entire state and shall not discriminate on the basis of location, but rather shall follow routine prioritization guidance when scheduling clients for service.

■ C. SCOPE OF SERVICE DESCRIPTION

Regulatory Requirements

According to its assessment of need, the State may periodically issue requests for proposals from local entities wishing to be a sub-recipient of the DOE grant to provide local services under the CT WAP. The procurement of a Subgrantee will be conducted in an open and competitive proposal process. For an entity in Connecticut to qualify as a new

Subgrantee, it must meet the requirements at CT WAP Operations Manual - Section 103 Subgrantee Selection.

As a threshold matter, all work undertaken by Connecticut WAP shall be performed in accordance with the DOE-approved energy audit procedures and 10 C.F.R. § 440.

Technical Guides and Materials

The documents on the Connecticut Department of Energy and Environmental Protection Connecticut Weatherization Assistance Program [portal](#) provide the information needed to successfully administer the DOE's Weatherization Assistance Program in Connecticut.

The selected Subgrantee(s) shall ensure that all work performed and reported as completed is in compliance with:

- DOE program notices and Memorandums, including:
 - DOE WPN 22-4
 - DOE WPN 20-4
 - DOE WPN BIL 22-1
 - DOE WPN BIL 22-2

■ D. PERFORMANCE MEASURES

The following performance metrics highlight key priorities that will be analyzed with providers/vendors collaboratively during the life of the contract. This is not an exhaustive list, but rather an indication of significant performance metrics of interest to the Agency. The Agency looks forward to working with providers/vendors to define additional important performance metrics.

- The Subgrantee shall provide program services to a minimum number of dwelling units each program year.
- WAP services shall be provided equitably by region. The regional targets are estimated based on, and limited by, projections of funding.
- DEEP may revise unit targets and service territories in accordance with funding and/or performance.
- Providers must meet annual goals and quarterly expectations of performance or funds may be reallocated to another provider.
- Connecticut WAP will perform comprehensive onsite monitoring statewide on an annual basis. Records reviews at the Subgrantee's office may involve multiple visits.
- In alignment with WPN 20-4 and WPN 22-4, more frequent monitoring (quarterly or semiannual) will be conducted at Subgrantees that have been identified as having significant deficiencies.

■ E. CONTRACT MANAGEMENT/DATA REPORTING

As part of the State's commitment to improving program outcome, DEEP seeks to actively and regularly collaborate with providers/vendors to enhance contract management, improve results, and adjust service delivery and policy based on performance and experience throughout the contract term. Reliable and relevant data is necessary to ensure compliance, inform trends to be monitored, evaluate results and performance, and drive service improvements. As such, DEEP reserves the right to request/collect other key data and metrics from providers/vendors.

Selected Respondent(s) must coordinate service and referrals with other residential energy service programs, such as the Residential Energy Preparation Services program (REPS), as necessary. Referrals to such programs are required at DEEP's discretion.

All information related to WAP program implementation must be made available to DEEP upon request, including:

- information about cost sharing, such as reasons for cost sharing and cost sharing financial figures;
- leveraged funding utilized and why; and
- program data, such as detailed cost breakdowns, customer information, previous customers served, and geographic breakdown of customers served.

DEEP will hold regular meetings with the selected Respondent(s) to track progress and assist Respondent(s) as needed.

In the absence of any conflict of interest, a proposer must affirm such in the disclosure statement. *Example: "[name of proposer] has no current business relationship (within the last three (3) years) that poses a conflict of interest, as defined by C.G.S. §1-85."*

■ B. EVALUATION OF PROPOSALS

The Review Committee will be composed of individuals, Agency staff or other designees as deemed appropriate. The contents of all submitted proposals, including any confidential information, will be shared with the Review Committee. Only proposals found to be responsive (that is, complying with all instructions and requirements described herein) will be reviewed, rated, and scored. Proposals that fail to comply with all instructions will be rejected without further consideration. The Review Committee shall evaluate all proposals that meet the Minimum Submission Requirements by score and rank ordered and make recommendations for awards. The Agency Head will make the final selection. Attempts by any proposer (or representative of any proposer) to contact or influence any member of the Review Committee may result in disqualification of the proposer.

To be eligible for evaluation, proposals must (1) be received on or before the due date and time; (2) meet the Proposal Format requirements; (3) meet the Eligibility and Qualification requirements to respond to the procurement, (4) follow the required Proposal Outline; and (5) be complete. The existence of a conflict of interest is not, in and of itself, evidence of wrongdoing. A conflict of interest may, however, become a legal matter if a proposer tries to influence, or succeeds in influencing, the outcome of an official decision for their personal or corporate benefit. In the absence of any conflict of interest, a proposer must affirm such in the disclosure statement. *Example: "[name of proposer] has no current business relationship (within the last three (3) years) that poses a conflict of interest, as defined by C.G.S. § 1-85."*

V. MANDATORY PROVISIONS

■ A. STANDARD CONTRACT PROVISIONS

At the time of selection, the proposer will be required to enter into a contract for services consistent with the sample agreement shown in Attachment 1, modified as appropriate for this RFP, including, but not limited to, adding terms required by BIL where applicable.

■ B. ASSURANCES

By submitting a proposal in response to this RFP, a proposer implicitly gives the following assurances:

- 1. Collusion.** The proposer represents and warrants that the proposer did not participate in any part of the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance. The proposer further represents and warrants that no agent, representative, or employee of the State participated directly in the preparation of the proposer's proposal. The proposer also represents and warrants that the submitted proposal is in all respects fair and is made without collusion or fraud.
- 2. State Officials and Employees.** The proposer certifies that no elected or appointed official or employee of the State has or will benefit financially or materially from any contract resulting from this RFP. The Agency may terminate a resulting contract if it is determined that gratuities of any kind were either offered or received by any of the aforementioned officials or employees from the proposer, contractor, or its agents or employees.
- 3. Competitors.** The proposer assures that the submitted proposal is not made in connection with any competing organization or competitor submitting a separate proposal in response to this RFP. No attempt has been made, or will be made, by the proposer to induce any other organization or competitor to submit, or not submit, a proposal for the purpose of restricting competition. The proposer further assures that the proposed costs have been arrived at independently, without consultation, communication, or agreement with any other organization or competitor for the purpose of restricting competition. Nor has the proposer knowingly disclosed the proposed costs on a prior basis, either directly or indirectly, to any other organization or competitor.
- 4. Validity of Proposal.** The proposer certifies that the proposal represents a valid and binding offer to provide services in accordance with the terms and provisions described in this RFP and any amendments or attachments hereto. The proposal shall remain valid for a period of 180 days after the submission due date and may be extended beyond that time by mutual agreement. At its sole discretion, the Agency may include the proposal, by reference or otherwise, into any contract with the successful proposer.
- 5. Press Releases.** The proposer agrees to obtain prior written consent and approval of the Agency for press releases that relate in any manner to this RFP or any resultant contract.

■ C. TERMS AND CONDITIONS

By submitting a proposal in response to this RFP, a proposer implicitly agrees to comply with the following terms and conditions:

- 1. Equal Opportunity and Affirmative Action.** The State is an Equal Opportunity and Affirmative Action employer and does not discriminate in its hiring, employment, or business practices. The State is committed to complying with the Americans with Disabilities Act of 1990 (ADA) and does not discriminate on the basis of disability in admission to, access to, or operation of its programs, services, or activities.

- 2. Preparation Expenses.** Neither the State nor the Agency shall assume any liability for expenses incurred by a proposer in preparing, submitting, or clarifying any proposal submitted in response to this RFP.
- 3. Exclusion of Taxes.** The Agency is exempt from the payment of excise and sales taxes imposed by the federal government and the State. Proposers are liable for any other applicable taxes.
- 4. Proposed Costs.** No cost submissions that are contingent upon a State action will be accepted. All proposed costs must be fixed through the entire term of the contract.
- 5. Changes to Proposal.** No additions or changes to the original proposal will be allowed after submission. While changes are not permitted, the Agency may request and authorize proposers to submit written clarification of their proposals, in a manner or format prescribed by the Agency, and at the proposer's expense.
- 6. Supplemental Information.** Supplemental information will not be considered after the deadline submission of proposals, unless specifically requested by the Agency. The Agency may ask a proposer to give demonstrations, interviews, oral presentations or further explanations to clarify information contained in a proposal. Any such demonstration, interview, or oral presentation will be at a time selected and in a place provided by the Agency. At its sole discretion, the Agency may limit the number of proposers invited to make such a demonstration, interview, or oral presentation and may limit the number of attendees per proposer.
- 7. Presentation of Supporting Evidence.** If requested by the Agency, a proposer must be prepared to present evidence of experience, ability, data reporting capabilities, financial standing, or other information necessary to satisfactorily meet the requirements set forth or implied in this RFP. The Agency may make onsite visits to an operational facility or facilities of a proposer to evaluate further the proposer's capability to perform the duties required by this RFP. At its discretion, the Agency may also check or contact any reference provided by the proposer.
- 8. RFP Is Not An Offer.** Neither this RFP nor any subsequent discussions shall give rise to any commitment on the part of the State or the Agency or confer any rights on any proposer unless and until a contract is fully executed by the necessary parties. The contract document will represent the entire agreement between the proposer and the Agency and will supersede all prior negotiations, representations or agreements, alleged or made, between the parties. The State shall assume no liability for costs incurred by the proposer or for payment of services under the terms of the contract until the successful proposer is notified that the contract has been accepted and approved by the Agency and, if required, by the Attorney General's Office.

■ D. RIGHTS RESERVED TO THE STATE

By submitting a proposal in response to this RFP, a proposer implicitly accepts that the following rights are reserved to the State:

- 1. Timing Sequence.** The timing and sequence of events associated with this RFP shall ultimately be determined by the Agency.
- 2. Amending or Canceling RFP.** The Agency reserves the right to amend or cancel this RFP on any date and at any time, if the Agency deems it to be necessary, appropriate, or otherwise in the best interests of the State.
- 3. No Acceptable Proposals.** In the event that no acceptable proposals are submitted in response to this RFP, the Agency may reopen the procurement process, if it is determined to be in the best interests of the State.
- 4. Award and Rejection of Proposals.** The Agency reserves the right to award in part, to reject any and all proposals in whole or in part, for misrepresentation or if the proposal limits or modifies any of the terms, conditions, or specifications of this RFP. The Agency may waive minor technical defects, irregularities, or omissions, if in its judgment the best interests of the State will be served. The Agency reserves the right to reject the proposal of any proposer who submits a proposal after the submission date and time.
- 5. Sole Property of the State.** All proposals submitted in response to this RFP are to be the sole property of the State. Any product, whether acceptable or unacceptable, developed under a contract awarded as a result of this RFP shall be the sole property of the State, unless stated otherwise in this RFP or subsequent contract. The right to publish, distribute, or disseminate any and all information or reports, or part thereof, shall accrue to the State without recourse.
- 6. Contract Negotiation.** The Agency reserves the right to negotiate or contract for all or any portion of the services contained in this RFP. The Agency further reserves the right to contract with one or more proposer for such services. After reviewing the scored criteria, the Agency may seek Best and Final Offers (BFO) on cost from proposers. The Agency may set parameters on any BFOs received.
- 7. Clerical Errors in Award.** The Agency reserves the right to correct inaccurate awards resulting from its clerical errors. This may include, in extreme circumstances, revoking the awarding of a contract already made to a proposer and subsequently awarding the contract to another proposer. Such action on the part of the State shall not constitute a breach of contract on the part of the State since the contract with the initial proposer is deemed to be void *ab initio* and of no effect as if no contract ever existed between the State and the proposer.
- 8. Key Personnel.** When the Agency is the sole funder of a purchased service, the Agency reserves the right to approve any additions, deletions, or changes in key personnel, with the exception of key personnel who have terminated employment. The Agency also reserves the right to approve replacements for key personnel who have terminated employment. The Agency further reserves the right to require the removal and replacement of any of the proposer's key personnel who do not perform adequately, regardless of whether they were previously approved by the Agency.
- 9. Sovereign Immunity.** Nothing in this RFP is to be construed as a modification, compromise or waiver by the State of any rights or defenses of any immunities provided by Federal law or the laws of the State to the State or any of its officers and employees, which they may have had, now have or will have with respect to all matters arising out of the RFP or a contract award.

10. Termination of Contract. Any contract resulting from this RFP may be terminated whenever the Agency makes a written determination that such determination is in the best interests of the State. This includes, but is not limited to, failure of the administrator to meet the performance metrics set forth in the resulting contract.

■ E. STATUTORY AND REGULATORY COMPLIANCE

By submitting a proposal in response to this RFP, the proposer implicitly agrees to comply with all applicable State and federal laws and regulations, including, but not limited to, the following:

- 1. Freedom of Information, C.G.S. §1-210(b).** The Freedom of Information Act (FOIA) generally requires the disclosure of documents in the possession of the State upon request of any citizen, unless the content of the document falls within certain categories of exemption, as defined by C.G.S. § 1-210(b). Proposers are generally advised not to include in their proposals any confidential information. If the proposer indicates that certain documentation, as required by this RFP, is submitted in confidence, the State will endeavor to keep said information confidential to the extent permitted by law. The State has no obligation to initiate, prosecute, or defend any legal proceeding or to seek a protective order or other similar relief to prevent disclosure of any information pursuant to a FOIA request. The proposer has the burden of establishing the availability of any FOIA exemption in any proceeding where it is an issue. While a proposer may claim an exemption to the State's FOIA, the final administrative authority to release or exempt any or all material so identified rests with the State. In no event shall the State or any of its employees have any liability for disclosure of documents or information in the possession of the State and which the State or its employees believe(s) to be required pursuant to the FOIA or other requirements of law.
- 2. Contract Compliance, C.G.S. §4a-60 and Regulations of CT State Agencies §46a-68j-21 thru 43, inclusive.** CT statute and regulations impose certain obligations on State agencies (as well as contractors and subcontractors doing business with the State) to ensure that State agencies do not enter into contracts with organizations or businesses that discriminate against protected class persons.
- 3. Consulting Agreements Representation, C.G.S. §4a-81.** Pursuant to C.G.S. §§4a-81 the successful contracting party shall certify that it has not entered into any consulting agreements in connection with this Contract, except for the agreements listed below. "Consulting agreement" means any written or oral agreement to retain the services, for a fee, of a consultant for the purposes of (A) providing counsel to a contractor, vendor, consultant or other entity seeking to conduct, or conducting, business with the State, (B) contacting, whether in writing or orally, any executive, judicial, or administrative office of the State, including any department, institution, bureau, board, commission, authority, official or employee for the purpose of solicitation, dispute resolution, introduction, requests for information, or (C) any other similar activity related to such contracts. "Consulting agreement" does not include any agreements entered into with a consultant who is registered under the provisions of chapter 10 of the Connecticut General Statutes as of the date such contract is executed in accordance with the provisions of section 4a-81 of the Connecticut General Statutes. Such representation shall be sworn as true to the best

knowledge and belief of the person signing the resulting contract and shall be subject to the penalties of false statement.

4. Campaign Contribution Restriction, C.G.S. §9-612. For all State contracts, defined in section 9-612 of the Connecticut General Statutes as having a value in a calendar year of \$50,000 or more, or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to the resulting contract must represent that they have received the State Elections Enforcement Commission's notice advising state contractors of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the notice, as set forth in "Notice to Executive Branch State Contractors and Prospective State Contractors of Campaign Contribution and Solicitation Limitations." Such notice is available at https://seec.ct.gov/Portal/data/forms/ContrForms/seec_form_11_notice_only.pdf

5. Gifts, C.G.S. §4-252. Pursuant to section 4-252 of the Connecticut General Statutes and Acting Governor Susan Bysiewicz's Executive Order No. 21-2, the Contractor, for itself and on behalf of all of its principals or key personnel who submitted a bid or proposal, represents:

(1) That no gifts were made by (A) the Contractor, (B) any principals and key personnel of the Contractor, who participate substantially in preparing bids, proposals or negotiating State contracts, or (C) any agent of the Contractor or principals and key personnel, who participates substantially in preparing bids, proposals or negotiating State contracts, to (i) any public official or State employee of the State agency or quasi- public agency soliciting bids or proposals for State contracts, who participates substantially in the preparation of bid solicitations or requests for proposals for State contracts or the negotiation or award of State contracts, or (ii) any public official or State employee of any other State agency, who has supervisory or appointing authority over such State agency or quasi-public agency;

(2) That no such principals and key personnel of the Contractor, or agent of the Contractor or of such principals and key personnel, knows of any action by the Contractor to circumvent such prohibition on gifts by providing for any other principals and key personnel, official, employee or agent of the Contractor to provide a gift to any such public official or State employee; and

(3) That the Contractor is submitting bids or proposals without fraud or collusion with any person.

Any bidder or proposer that does not agree to the representations required under this section shall be rejected and the State agency or quasi-public agency shall award the contract to the next highest ranked proposer or the next lowest responsible qualified bidder or seek new bids or proposals.

6. Iran Energy Investment Certification C.G.S. §4-252(a). Pursuant to C.G.S. § 4-252(a), the successful contracting party shall certify the following: (a) that it has not made a direct investment of twenty million dollars or more in the energy sector of Iran on or after October 1, 2013, as described in Section 202 of the Comprehensive Iran Sanctions, Accountability and Divestment Act of 2010, and has not increased or renewed such investment on or after said date. (b) If the Contractor makes a good faith effort to determine whether it has made an investment described

in subsection (a) of this section it shall not be subject to the penalties of false statement pursuant to section 4-252a of the Connecticut General Statutes. A "good faith effort" for purposes of this subsection includes a determination that the Contractor is not on the list of persons who engage in certain investment activities in Iran created by the Department of General Services of the State of California pursuant to Division 2, Chapter 2.7 of the California Public Contract Code. Nothing in this subsection shall be construed to impair the ability of the State agency or quasi-public agency to pursue a breach of contract action for any violation of the provisions of the resulting contract.

- 7. Nondiscrimination Certification, C.G.S. §4a-60 and 4a-60a.** If a bidder is awarded an opportunity to negotiate a contract, the proposer must provide the State agency with *written representation* in the resulting contract that certifies the bidder complies with the State's nondiscrimination agreements and warranties. This nondiscrimination certification is required for all State contracts – regardless of type, term, cost, or value. Municipalities and CT State agencies are exempt from this requirement. The authorized signatory of the contract shall demonstrate his or her understanding of this obligation by either (A) initialing the nondiscrimination affirmation provision in the body of the resulting contract, or (B) providing an affirmative response in the required online bid or response to a proposal question, if applicable, which asks if the contractor understands its obligations. If a bidder or vendor refuses to agree to this representation, such bidder or vendor shall be rejected and the State agency or quasi-public agency shall award the contract to the next highest ranked vendor or the next lowest responsible qualified bidder or seek new bids or proposals.
- 8. Access to Data for State Auditors.** The Contractor shall provide to OPM access to any data, as defined in C.G.S. §4e-1, concerning the resulting contract that are in the possession or control of the Contractor upon demand and shall provide the data to OPM in a format prescribed by OPM [or DEEP] and the State Auditors of Public Accounts at no additional cost.
