Re: Resignation of board seat

Respected colleagues,

This letter is to inform DEEP and the EEB of my intent to vacate my seat on the Energy Efficiency Board effective Friday, August 12, 2022.

I have represented Southern Connecticut Gas Company for over two and a half years on the Board and have learned an incredible amount, leaving a better person and professional, with a healthier respect for our work, mission, and environment.

I wish all stakeholders the best in the very noble undertaking of conservation & load management and look forward to hearing of continued success towards our shared goals.

Respectfully,
